

INSTRUCTIONS:

1. Completely fill out the application on page 2. Any owner with more than 10% ownership will need to fill out their information and sign.
2. Print the application and sign and date it.
3. Scan a copy of your signed application to info@dadecapital.com. You may also fax a copy to (419) 931-9001.

WHAT TO EXPECT NEXT:

1. After we receive your application we will do a cursory review, a DADE representative will call you and go over the application and the equipment you are interested in financing. They will answer any questions you have at that time.
2. Based on the amount of the request and the equipment you need you will be advised what additional information we may need (if any) to further process your request.
3. The time it will take to receive a decision on your loan will depend on the complexity of your request. Our average turnaround time is between one and three days after we receive the requested information.
4. When approved, you will receive a Term Sheet with all the information you will need regarding the approval. To proceed with the loan, sign the term sheet and return it and we will prepare the necessary loan paperwork for your signature.
5. The loan documents will be emailed or overnighted to you for signature. When you return them with all requested documentation the equipment vendor will be paid and your loan will begin.

Thank you for your time and thank you for your business.
